

# Agroecology

|   |  |
|---|--|
| Agroecology ID                              | 1,757  |
| Crop ID                                     | Kentucky Bluegrass   |
| Zone A                                      | false  |
| Zone B                                      | true   |
| Zone C                                      | true   |
| Zone D                                      | true   |
| Zone E                                      | true   |
| Climate Zone                                | steppe or semiarid (Bs); subtropical humid (Cf); subtropical dry summer (Cs); subtropical dry winter |
| Altitude Optimal Max (m)                    | NULL   |
| Altitude Optimal Mean (m)                   | NULL   |
| Altitude Optimal Min (m)                    | NULL   |
| Altitude Absolute Max (m)                   | 3,000.00   |
| Altitude Absolute Mean (m)                  | 1,500.00   |
| Altitude Absolute Min (m)                   | NULL   |
| Latitude Optimal Max (Degree North/South)   | 34.00  |
| Latitude Optimal Mean (Degree North/South)  | 35.50  |
| Latitude Optimal Min (Degree North/South)   | 37.00  |
| Latitude Absolute Max (Degree North/South)  | 70.00  |
| Latitude Absolute Mean (Degree North/South) | 68.50  |
| Latitude Absolute Min (Degree North/South)  | 67.00  |
| Light Intensity Optimal Max                 | clear skies  |
| Light Intensity Optimal Mean                | NULL   |
| Light Intensity Optimal Min                 | very bright  |
| Light Intensity Absolute Max                | light shade  |
| Light Intensity Absolute Mean               | NULL   |
| Light Intensity Absolute Min                | very bright  |
| Optimal Aspect Max (Degree)                 | NULL   |
| Optimal Aspect Mean (Degree)                | NULL   |
| Optimal Aspect Min (Degree)                 | NULL   |
| Optimal Slope Max (%)                       | NULL   |

|  |          |
|--|----------|
| Optimal Slope Mean (%)                 | NULL     |
| Optimal Slope Min (%)                  | NULL     |
| Photoperiod Long (>14 hours)           | true     |
| Photoperiod Neutral (12-14 hours)      | false    |
| Photoperiod Short (<12 hours)          | false    |
| Production System                      | NULL     |
| Rainfall Optimal Max (mm/Year)         | 1,300.00 |
| Rainfall Optimal Mean (mm/Year)        | 900.00   |
| Rainfall Optimal Minimum (mm/Year)     | 500.00   |
| Rainfall Absolute Maximum (mm/Year)    | 1,700.00 |
| Rainfall Absolute Mean (mm/Year)       | 1,000.00 |
| Rainfall Absolute Minimum (mm/Year)    | 300.00   |
| Heavymetal Toxicity Optimal High       | false    |
| Heavymetal Toxicity Optimal Moderate   | false    |
| Heavymetal Toxicity Optimal Low        | false    |
| Heavymetal Toxicity Absolute High      | false    |
| Heavymetal Toxicity Absolute Moderate  | false    |
| Heavymetal Toxicity Absolute Low       | false    |
| Soil Depth Optimal Deep (>150cm)       | false    |
| Soil Depth Optimal Medium (50 - 150cm) | true     |
| Soil Depth Optimal Low (< 50cm)        | false    |
| Soil Depth Absolute Deep (>150cm)      | false    |
| Soil Depth Absolute Medium (50-150cm)  | false    |
| Soil Depth Absolute Low (<50cm)        | true     |

|   |       |
|---|-------|
