

Uses

ID	257
Crop ID	Silver Oak
Part	Bark
Use Category	Industrial
Notes	The wood, commonly traded as 'muhuhu' is mainly used for construction, first-grade flooring, joinery, interior trim, furniture, fence posts, toys, novelties, boxes, crates, tool handles, carving and turnery. It is also suitable for bridges, hydraulic works, poles, piles, cabinet work and railway sleepers. It is considered an excellent firewood and is used for charcoal production.
